Dear Fatih,

I would like to thank you for your time and for the work you do at the Horizon Science Academy. The work you do with the students is truly remarkable by changing young adults' lives. You give students opportunities that they may not get elsewhere and empower them to not only challenge themselves academically, but also personally through Horizon's participation in community outreach.

My colleagues and I in the Ohio General Assembly will do our best to ensure all educators have the necessary tools to continue providing academic excellence to all students. Please, do not hesitate to reach out to me or any other members for any assistance. Also, please know that you, Horizon's staff and students are always welcome to visit the Statehouse. Once again, thank you for your time and I look forward to serving you and Ohio.

Best Regards,
