

2007 – 2008 Selection Criteria for the *State Superintendent's Schools of Promise*

All public elementary and secondary schools administering Ohio Achievement and Ohio Graduation Tests and receiving a local report card rating were considered. Schools were selected based on the following criteria:

Poverty: The school served 40 percent or more economically disadvantaged students, as reported in EMIS for the 2007-2008 school year.

Adequate Yearly Progress (AYP): The school met AYP for the 2007-2008 school year.

Graduation Rate: The school's graduation rate was at least 85 percent for the 2006-2007 school year.¹

Student Performance on Ohio Achievement Tests (OAT) and Ohio Graduation Tests (OGT) in reading or mathematics:

All Students

1. At least 75 percent of all students in each of the tested grade levels (3, 4, 5, 6, 7, 8, and 10) passed the 2007-2008 OAT and/or OGT in reading or mathematics. At least 85 percent of eleventh-graders passed the 2007-2008 OGT in reading or mathematics.
2. At least 65 percent of all student in each of the tested grade levels (3, 4, 5, 6, 7, 8, and 10) passed the 2006-2007 OAT and/or OGT in reading or mathematics.

Low-income Subgroup Performance²

School-wide

1. At least 75 percent of the students who met the low-income criteria passed the 2007-2008 OAT and/or OGT in reading or mathematics, when results are combined across grade levels from third to tenth grade. At least 85 percent of eleventh-grade students who met the low-income criteria passed the OGT in reading or mathematics.

Each Tested Grade

2. At least 70 percent of the students who met the low-income criteria in each of the tested grades (3, 4, 5, 6, 7, and 8) passed the 2007-2008 OAT in reading or mathematics.
3. At least 75 percent of students who met the low-income criteria in tenth-grade passed the OGT in reading or mathematics.
4. At least 85 percent of students who met the low-income criteria in eleventh-grade passed the OGT in reading or mathematics.

Racial and Ethnic Subgroup Performance³

School-wide

1. At least 75 percent of the students in each of the major racial and ethnic groups passed the 2007-2008 OAT and/or OGT in reading or mathematics, when results are combined across grade levels from third to tenth grade. At least 85 percent of eleventh-grade students in each of the major racial and ethnic groups passed the OGT in reading or mathematics.

Each Tested Grade

2. At least 70 percent of the students in each of the major racial and ethnic groups in each of the tested grades (3, 4, 5, 6, 7, and 8) passed the 2007-2008 OAT in reading or mathematics.
3. At least 75 percent of students in each of the major racial and ethnic groups in tenth-grade passed the OGT in reading or mathematics.
4. At least 85 percent of students in each of the major racial and ethnic groups in eleventh-grade passed the OGT in reading or mathematics.

¹ The graduation rate only applies to schools where there were at least five students who were supposed to graduate in 2006-2007.

² When evaluating test results, only grade levels with five or more test takers who met the low-income criteria were considered.

³ When evaluating test results, only racial and ethnic groups with five or more test takers were considered.
